

# 2015 Legislative Preview

I want to thank you for your support and for allowing me the privilege of representing you in the Connecticut General Assembly. I consider it an honor and will work hard to validate the trust that you have placed in me.

We all face difficult times as Connecticut turns the corner to economic recovery. I am committed to working towards a leaner, more efficient government while ensuring that we maintain essential services.

The 2015 Legislative Session is now underway. For this term, I have been appointed to positions on the Energy & Technology, Human Services, and Insurance & Real Estate Committees.

Please keep in touch and contact me with issues, concerns, or suggestions as to how I can more effectively serve you. Your input will help me make our community an even better place to live and work.

Thank you for allowing me the honor of serving you.

Best wishes,

Christine Rosati

## Growing Jobs

Connecticut has been a national leader in new technologies and 'green' initiatives. We need to put Connecticut people to work in these emerging industries. Doing so will benefit Connecticut families as well as our economy. We must also continue to invest in local businesses. The success of Small Business Express, which provides capital to small businesses to grow and expand, has been important to our emerging economic recovery. We must continue to work with local businesses and connect job-creators with job-seekers.

## Legislative Update

My bill (HB 5357) to increase access to affordable, high quality childcare was heard in a public hearing of the legislature's Human Services Committee. I have been working with committee co-chair, Rep. Cathy Abercrombie, to build support for the legislation. I am also working on legislation to increase local higher education opportunities at QVCC (HB 6123), a bill to provide a tax deduction for students with college loans (HB 5795) and legislation to provide free admission to state parks for Connecticut veterans (HB 6385). You can follow the progress of all my legislation at <http://goo.gl/b6OsTR>.
